SCALE^{UP}
community-driven
bioeconomy development

This project has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement No. 101060264.

GENERAL INFORMATION

Aim:

Development and implementation of a **training programme** for cross-sectoral and cross-regional capacity building and knowledge transfer

Objective:

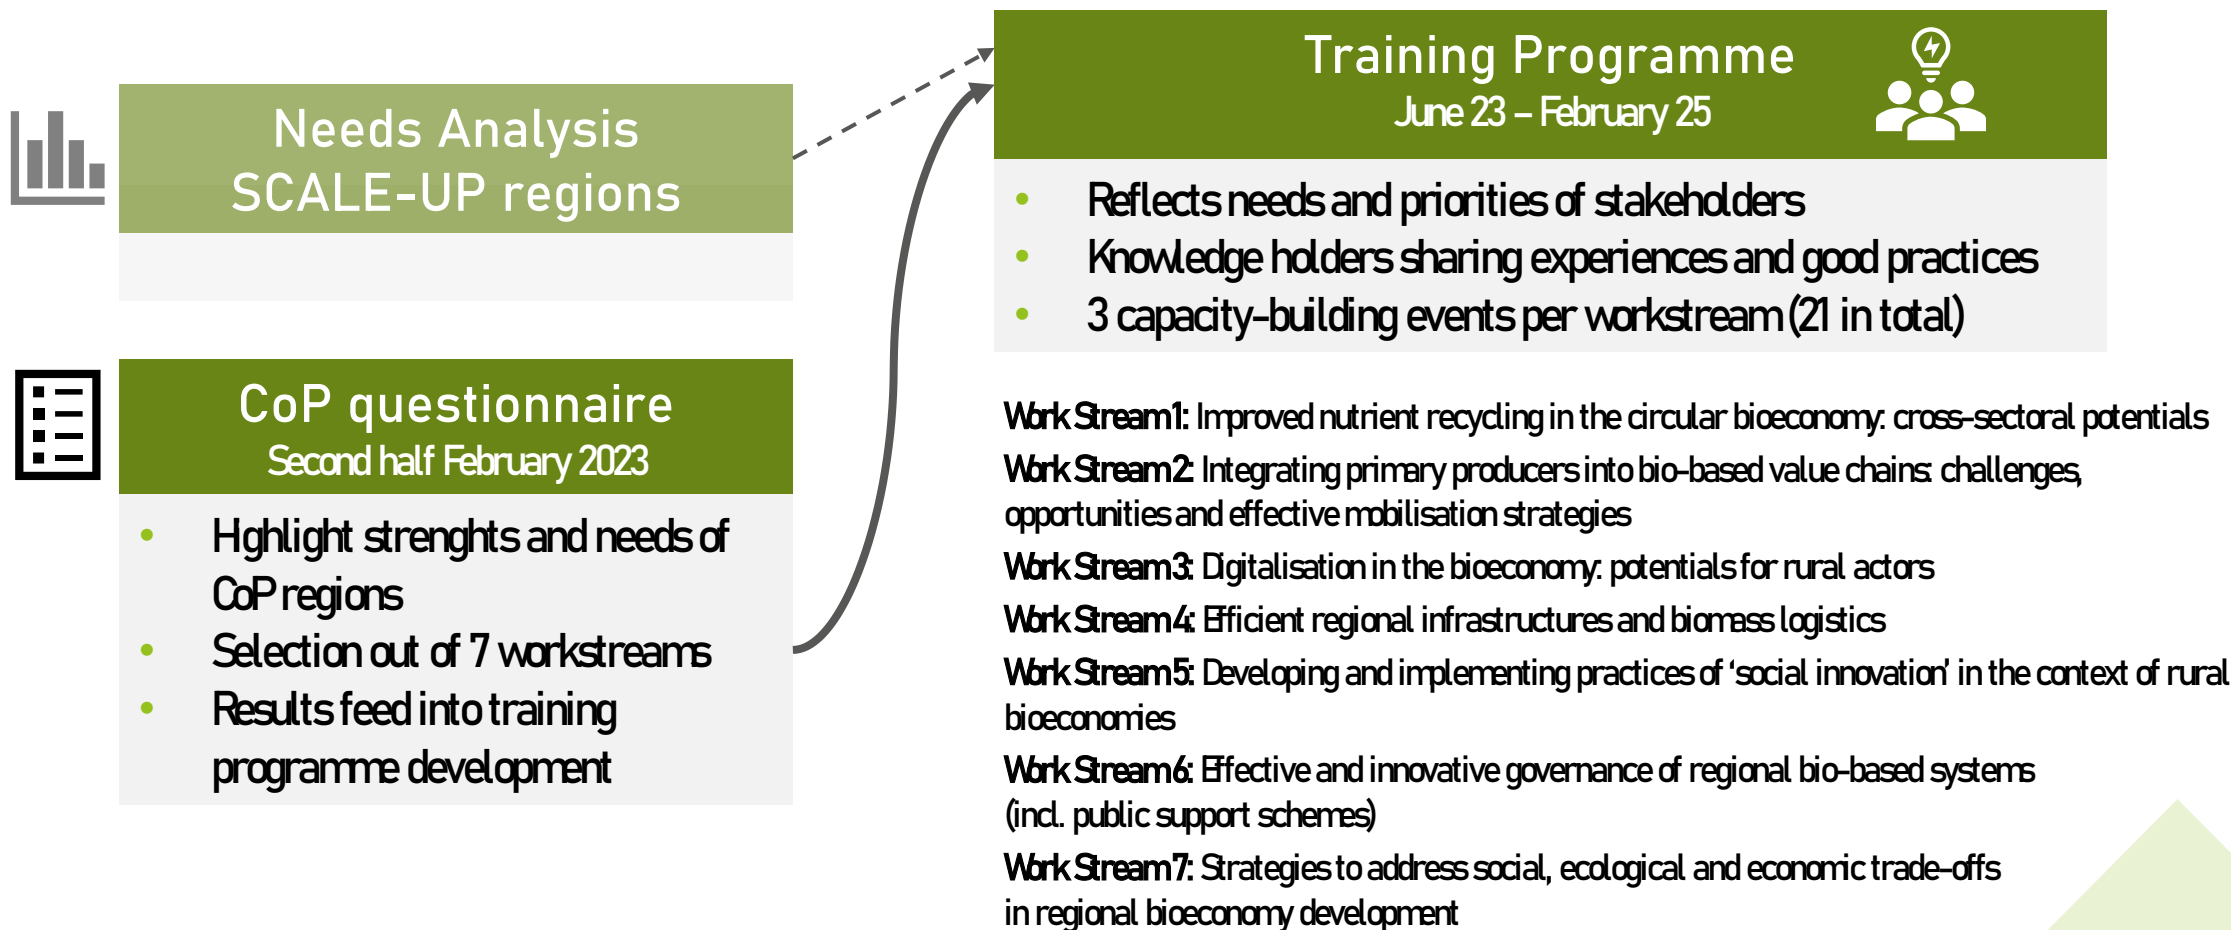

Capacity-building among regional stakeholders, enabling them to **identify and promote innovative bio-based solutions** and to contribute to discussions on inclusive rural development pathways

Benefits:

- support **international collaboration**
- create at least 5 new **business opportunities** in each of the CoP regions
- sharing **good practices and lessons** learned across European regions

INTEGRATION OF COP REGIONS
